

Parents Against Vaping e-cigarettes (PAVe) presents

NOT JUST VAPOR: **HAWAI'I**

Thursday July 9th, 2PM HST via Zoom

Hawaii has some of the highest rates of youth vaping in the country, and your child has probably been offered or tried vaping. Join PAVE on July 9th for a virtual event that will help you spot the signs of vaping in your child and provide you with solutions to prevent your child from starting or help your child quit.

There has never been a better time to learn. RSVP now! <https://bit.ly/3fXmGfF>
